1 (INTRODUCTION - SONG)

2 MR. PATRICK KING: Well, guys, once again, back
3 for another -- another roll. Sounds like it's a convoy season
4 again. I just want to bring everybody up to snuff on what's
5 going on with us.

6 Tonight I told you -- I promised everybody that
7 we're going to have everybody in here, so once again, I want
8 everybody -- I don't care -- it says 1,200 people in there,
9 let's get 1,200 shares going across this thing right now.

10 Everybody needs to share this out because yes, we
11 know that stupid Trudeau, their goddamn government, everything
12 that they've done, flip flop, flip flop, they can't even tie
13 their fricking shoes if they even had a personal person to tie
14 their fucking shoes, okay?

15 So just understand, this is a typical government
16 tactic. "Oh, lookit, we're sorry truckers. Don't throw us
17 under the bus. We're going to get your mandates lifted," and
18 then they find out that we're coming anyway, and they say,
19 "Well, fine. Fuck it. You guys are going to have your mandates
20 still in place."

21 We know about it, guys. We've heard it, we've
22 saw it, we've seen what they're doing. We know what's going on.

23 Number one thing, ladies and gentlemen, is I got
24 to stress to everybody in this is guess what? We knew that they
25 were going to do this. We know this. We were going anyway.
26 This convoy was rolling anyway because there's no reason why
27 anybody should be treated like a fucking plague going to get a
28 coffee. When these truckers are on the road, they need a

1 shower, they need food, they need lodgings, they need whatever,
2 and they can't go in because they won't put a poison in their
3 body.

4 Well, guess what? It's not just the truckers.
5 It's for everybody else as well.

6 You know, everybody else across Canada who
7 decides no, my body, my choice, we say, "No, we're not going to
8 do that." You know what? That should not treat us like
9 parasites. The last leader of a country that did that was
10 Adolph Hitler, and look how that turned out. Well, we're not
11 going to allow that to happen, not on my watch and not on these
12 people's watches.

13 Ladies and gentlemen, I'm going to introduce you
14 to some of the people tonight. I'm going to introduce you into
15 some of the people that have made some fucking stink about this
16 because they're sick and tired of being sick and tired.

17 And well, first of all, without any doubt, I'm
18 going to bring in everybody and then we got a surprise guest,
19 and everybody, the guest that's going to come in last, you're
20 going to recognize him. You're going to know who he is, and I
21 hope that everybody's jaws hit the floor when he does because
22 you're going to see what happens when you can come together and
23 everybody can sit there and say, "You know what? We can all
24 work together. We can all unite. We can all join forces."

25 So without further ado, I want to bring in
26 Brigitte Belton. Brigitte, say hello to the folks.

27 **MS. BRIGITTE BELTON:** Hi, guys.

28 **MR. PATRICK KING:** So Brigitte is one of the

1 organizers.

2 Brigitte, you're handling the Ontario section?

3 **MS. BRIGITTE BELTON:** Yes, sir.

4 **MR. PATRICK KING:** Yeah.

5 **MS. BRIGITTE BELTON:** I've got Sarnia that I will
6 be at January 23rd, and we meet at 8:00 a.m. at Exit 25 on the
7 402. And we've got Windsor, that ADT Trucking will be heading
8 up in Windsor, meeting in -- on Cromber, Exit 9 on the 401.

9 **MR. PATRICK KING:** Okay. So that's Brigitte,
10 Brigitte Belton.

11 The next one, well, you know you've become a
12 legend, the legend, the myth. We like to call him "Big Red" is
13 his name. Big Red, once again, say hello to Christopher.

14 Christopher, how's it going, Buddy?

15 **MR. CHRISTOPHER J CB:** Pretty good, Bud. How are
16 you tonight?

17 **MR. PATRICK KING:** We're making it roll. You
18 know, Christopher's the one who's on the TikTok, guys, who's
19 kind of become an overnight sensation. And where are you right
20 now, Chris?

21 **MR. CHRISTOPHER J CB:** Sitting in Fargo, North
22 Dakota, waiting for a snowstorm to hit us. I got my co-pilot
23 here, Zippy, waiting to -- however the camera works. He's --
24 we're here.

25 **MR. PATRICK KING:** He's looking -- he's running
26 watch, eh? He's looking for everybody. Awww, isn't that cute?
27 That's the cutest thing in the world.

28 All right. So we've got Chris, the legend, the

1 overnight sensation on TikTok. We've got Brigitte, his co-star,
2 his co-pilot is in the top right here.

3 And now I want to bring in Joe Janzen. Joe is
4 from Manitoba. Joe's running the Manitoba side of things, so
5 say hello to Joe.

6 **MR. JOE JANZEN:** Hi.

7 **MR. PATRICK KING:** How's it going, Joe?

8 **MR. JOE JANZEN:** Good.

9 **MR. PATRICK KING:** I know you guys aren't keen on
10 the camera stuff, and that's okay.

11 **MR. JOE JANZEN:** Yeah.

12 **MR. PATRICK KING:** This is just to get everybody
13 out there to see who everybody is.

14 Joe, how do you -- how are you playing into this
15 now? Just give a little brief introduction.

16 **MR. JOE JANZEN:** Well, on the 23rd, on Sunday,
17 we're going to be just rounding up truck drivers, bobtail, in
18 Morris, Manitoba, and at 9:00 a.m. on the 24th, Monday, we're
19 going to roll out at 9:00 a.m. and we're going to meet other
20 trucks and just passenger vehicles, healthcare workers. There's
21 the Monstrosity Burger in Winnipeg that's risking \$1 million in
22 fines. They're in full support and they're letting in non-
23 vaxxed, vaxxed, you name it, they're letting anybody in the
24 restaurant, and they're in full support of everything.

25 They're going to meet at Perimeter Highway and
26 75, westbound lanes, so we're going to make a full loop around
27 Winnipeg to show everybody what we're about. And we're going to
28 hit Portage Avenue, we're going downtown Parliament, and we're

1 parking.

2 And I have more than 10 trucking companies
3 backing this up in Manitoba.

4 **MS. BRIGITTE BELTON:** Wow.

5 **MR. JOE JANZEN:** This is going to be awesome.

6 **MR. PATRICK KING:** Yes, sir.

7 **MR. JOE JANZEN:** I can't wait. I can't wait.

8 **MR. PATRICK KING:** And you know, Joe's excited
9 for this. Joe also has a partner in crime who's giving him a
10 hand. This gentleman's also, like Chris, like Brigitte, in
11 their trucks right now. We're going to bring Dale in.

12 Dale Enns is another fellow trucker. He's giving
13 Joe a hand out in Manitoba.

14 Let's say hi to Joe -- or Dale. How's it going,
15 Dale?

16 **MR. DALE ENNS:** Good, and you?

17 **MR. PATRICK KING:** Oh, we're just ducky. Where
18 are you right now?

19 **MR. DALE ENNS:** I'm in Edmonton, Alberta.

20 **MR. PATRICK KING:** Oh, you're right up the road
21 from me. Same with Brigitte. Brigitte's in Edmonton too. Wow.

22 **MS. BRIGITTE BELTON:** Hi, everybody. Come and
23 see me, Pembina.

24 **MR. CHRISTOPHER J CB:** (Inaudible) in the U.S.
25 right now. Come on.

26 **MR. PATRICK KING:** Well, nobody -- you're the
27 brave one that's stuck over there in Fargo. You know that very
28 much. You know, Chris, you're doing the heavy hauling, wide

1 loads down there.

2 **MR. CHRISTOPHER J CB:** Yeah, we ---

3 **MR. PATRICK KING:** And then, you know, Dale's
4 helping Joe out. Ladies and gentlemen, you got to understand,
5 these guys are working -- they're working right now.

6 You know, Brigitte's stuck in Edmonton right now.
7 She told me her story. They're having a hard time getting her a
8 load out of Edmonton. She's going through her own ---

9 **MS. BRIGITTE BELTON:** I got one.

10 **MR. PATRICK KING:** You got one now? All right.

11 **MS. BRIGITTE BELTON:** I got one. I got one. I
12 got the money on the car. We're heading to Olds, Alberta, to
13 pick up tomorrow and then heading down to Texas, Laredo.

14 **MR. PATRICK KING:** I wish I could go. I would
15 like ---

16 **MS. BRIGITTE BELTON:** My last flipping load.

17 **MR. PATRICK KING:** Yeah, your last load.

18 So ladies and gentlemen, these people are truck
19 drivers that are working right now. Joe's working, Dale's
20 working, Brigitte, Chris, they're all working right now.

21 But you know what? They've had enough. They've
22 had enough of doing what they're doing and being -- you know,
23 everybody looks at truckers like, oh, yeah, just a fucking
24 stupid trucker.

25 I'll tell you right now, I drove truck for a lot
26 of years, lot of off-road trucking, heavy hauling, in the oil
27 and gas industry. This is the most stressful job out there.
28 When you deal with the people on the highways, people don't give

1 you the -- enough passing space. You know, they brake check you
2 and all this. These people are considered professional drivers
3 for a reason. They're professional drivers because if it wasn't
4 for them, you wouldn't have your food on your shelves. But now,
5 they've had enough. And now you see the government flip flop,
6 flip flop, flip flop. They're still not backing out, guys.
7 We're not backing out.

8 But first, last, and foremost, I want to bring in
9 -- there's another gentleman, and if you guys remember, I want
10 to bring this up to you guys because him and I were part of
11 something. Just want you to remember this. Just listen to
12 those horns. And we did this the last time.

13 Ladies and gentlemen, we're bringing him in, and
14 you'll all be familiar with who he is. Hang on a second. I'm
15 just going to pause that, pause that, and say hello to James
16 Bauder from Canada Unity.

17 Hey, James. How's it going?

18 **MR. JAMES BAUDER:** I'm doing so good, Pat. Thank
19 you so much.

20 Brigitte, Chris, Dale, Joe, and the rest of
21 Canada, it is such an exciting time in our lives to be together
22 in unity, and it's time for convoy, and it's time for convoy.
23 Very, very excited to be here.

24 **MR. PATRICK KING:** And James and I are -- you
25 know, we're working together to help you guys work together. We
26 know you guys are working hard and doing what you guys got to do
27 to keep your bread and butter on your tables for your families.
28 In the background there'll be myself and James and a couple of

1 other people that are going to work together.

2 We're all working together, and this is
3 something, ladies and gentlemen, that you all don't know is you
4 know, we've done this before.

5 **MR. JAMES BAUDER:** Oh, yeah.

6 **MR. PATRICK KING:** And I can't express to you
7 guys, when this opportunity came -- and I just want to thank all
8 you guys, Brigitte, Chris, Joe, Dale, and to the other
9 gentlemen that's not the room right now -- I want to express to
10 everybody right now, this was the most greatest time of my life
11 that I ever got to partake in something like this. The feeling
12 you get to watch a country cheer you on down the highway as
13 you're honking horns -- and yes, ladies and gentlemen, when you
14 see this -- I'm going to bring it back up again, here it is,
15 right across, right here, that's Trudeau's office, and I'll tell
16 you, when he heard this, when he hears those horns, he goes a
17 running. And we lined that up all the way across. We lined it
18 up right in front of Justin Trudeau.

19 Guys, it's not just a convoy, and this is
20 something I'm going to let everybody else chime in. I'm going
21 to step back out of this. I'm going to let these guys tell you
22 what the plan is and what they're going to do.

23 So I don't know who wants to take the step. Joe,
24 you mentioned that you're going to circle Perimeter Highway
25 through Manitoba. Are you coming into Ottawa with us?

26 **MR. JOE JANZEN:** Well, I was actually just
27 educated on it today, actually.

28 **MR. PATRICK KING:** Okay.

1 **MR. JOE JANZEN:** So is this happening right
2 after?

3 **MR. PATRICK KING:** Yeah.

4 **MR. JOE JANZEN:** Okay. Well, I'd like to, and I
5 know there was -- I talked to a guy this evening on it, and they
6 would like to join too. So yeah, I mean, we're in. We're going
7 and let's make it happen.

8 **MR. PATRICK KING:** Absolutely. We've got
9 actually people from the former convoy are now getting a hold me
10 from the last convoy. We've got Jason Leblanc. He's a huge egg
11 guy out of -- south of Estevan. They just want to know some
12 direction and what we're going to do it, how we're going to do
13 this.

14 And Dale, you're going to -- are you coming with
15 us as well?

16 **MR. DALE ENNS:** There is a possibility. We'll
17 see.

18 **MR. PATRICK KING:** There is a possibility.

19 **MR. DALE ENNS:** Depends if Joe let's me go.

20 **MR. PATRICK KING:** Perfect.

21 Chris? We know Chris is going.

22 **MR. CHRISTOPHER J CB:** You know what? After the
23 turn of events last night with Trudeau coming out and saying
24 that they were going -- were going to exempt us and now this
25 morning or this afternoon turning the events around again, I'm
26 on my way to Ottawa next week. I don't give a shit -- in two
27 weeks. It's time.

28 **MR. PATRICK KING:** Well, and you are very vocal,

1 Chris, on your TikToks. You're in the same boat as I am.
2 Enough is enough. This has been going on for way too long.

3 **MR. CHRIS J CB:** Yeah.

4 **MR. PATRICK KING:** We can't do this any more.

5 Brigitte, you're taking a load to Texas, but I
6 know where you're coming out.

7 **MS. BRIGITTE BELTON:** Even if my load is not
8 delivered by the 23rd, I will drop that trailer at that exit
9 because I don't cross at Windsor any more, and I will drop it
10 there, and I will be there. If I'm not there on time, my
11 husband, who's a 26-year trucker, will be leading it in my
12 pickup truck. But we will be going. I will get there somehow,
13 come heck or high water, and I am so excited that Chris is
14 coming to Ottawa, because I have a surprise for you.

15 **MR. CHRISTOPHER J CB:** What?

16 **MR. PATRICK KING:** Oh, surprises.

17 **MR. CHRISTOPHER J CB:** What? I want some
18 Turtles.

19 **MS. BRIGITTE BELTON:** You bring me Turtles, and
20 I'll get you (inaudible).

21 **MR. CHRISTOPHER J CB:** Eat them all.

22 **MR. PATRICK KING:** And well, you know, we got
23 James in here. James, why don't you tell everybody what you've
24 been doing in southern Ontario the last little while?

25 **MR. JAMES BAUDER:** Well, that's -- let's see
26 here. Back in September, we left Calgary and hit our way down
27 the road, a convoy down there and landed in Ottawa, had an
28 amazing journey in discovering the -- I guess the quest for

1 unity started taking place across Ontario. We started going
2 from community to community to community and reaching out, for
3 example, Peterborough, you know, Kingston with J.A.K.K. Tuesdays
4 there and just all these beautiful businesses that were getting
5 hit nonstop, nonstop with all these atrocious fines; communities
6 trying really, really hard to connect the dots and protect each
7 other.

8 So there was a need to bring unity to these
9 communities and you know, my background doing convoys with Pat
10 and you know, it got into my blood that, you know, convoys was a
11 good message and a good delivery platform to get communities
12 united together.

13 So here we are down in Ontario. We did a lot of
14 convoys nonstop. It was amazing to see what's happening in
15 Ontario, and starting in Quebec, but really in Ontario, all --
16 you know, there's so many communities now that can say they're
17 connected via what we brought in doing the convoys.

18 And why did we do the convoy? We also -- we put
19 together a very important document called the "Memorandum of
20 Understanding" that addresses all the mandates that -- or in
21 fact, in Canada, all across the board.

22 This Vax Passport, for example, that's an
23 unlawful mandate, and we talked about this til we're blue in the
24 face, but eventually, you need to get some actions, right?

25 And actions started coming forward. We went to
26 Ottawa collectively as a group and we did things that I never
27 thought in my wildest dreams that we could do.

28 Who here, you know, in the comments, December

1 8th, 9th, and 10th, we were parked in front of Justin Trudeau's
2 house with a convoy.

3 **MR. PATRICK KING:** Oh, we just dropped -- Dale
4 just dropped out again.

5 **MR. JAMES BAUDER:** And the thing about that is
6 that we did it with the police, the Ottawa Police Service.

7 **MR. PATRICK KING:** Yeah.

8 **MR. JAMES BAUDER:** We've got the support of
9 Ottawa Police Services. We've got the support of Ontario Police
10 Services, because we have a lawful document online that Canada
11 has signed on and endorsed. It's new in the makings, but
12 there's over 50,000 signatures on the MOU and climbing. It is
13 our lawful freedom of choice, period, full stop. That's what we
14 work on, and we're not taking these mandates any more because
15 they violate the laws.

16 **MR. PATRICK KING:** That's it.

17 **MR. JAMES BAUDER:** So this is something that
18 we've been focusing on is uniting our communities together,
19 convoy style. It's been successful.

20 And I talked to OPP today, and they are extremely
21 excited and very welcoming and looking forward to partnering up
22 with us again and making sure that we have a good event.
23 They're going to make every effort available to assist, okay?

24 **MR. PATRICK KING:** They kind of have no choice,
25 the same way -- so I'll give you -- and I say that in light,
26 guys, but I'm going to tell you something.

27 When we were rolling across from Regina, we had
28 just left Regina. We got called on the way and the OPP were

1 putting up their scales, the lights on the scales. And if
2 you're a trucker, I'm sure these men and women in here know the
3 scales right on the other side of the Ontario border.

4 When we were coming in, they were telling us,
5 "No, no, no. You guys aren't coming, you guys aren't coming.
6 You guys all got to stop on the scales."

7 And we're like, "No. We're coming. You have no
8 choice. You have to let us through. We're not stopping."

9 We could see the scales in the distance. We
10 could see the lights on and we were all radioing on our units,
11 we were all radioing. And we were all like, "They're not going
12 to let us go, they're not going to let us go."

13 And then all of a sudden, boom, the lights went
14 off, right as we were crossing. And you know what? They came
15 and met us. It was kind of nerve wracking. We got to Kenora
16 and they came to meet us, and they went to say, "Okay. Okay.
17 Okay, guys. We're going to work with you. All right, what do
18 you need from us?"

19 So what I'm trying to say is, we're not going
20 into this aggressively to cause a problem. We're going into
21 this as people who are just had enough, and we're not going to
22 leave until it's done. But I'm also going to stress this much.
23 When they what's coming and they see how many people we have
24 behind us, they have no choice but to bend their knees for a
25 change.

26 And something that we accomplished, ladies and
27 gentlemen, when we did do this convoy in the past, Trudeau had
28 put in Bill C69, which is the anti-pipeline moratorium. As soon

1 as we left, they lifted the pipeline. That's why we've got the
2 TMX going in now, that's why we've got the LNG up north going in
3 now. They approved them.

4 So what I'm going to show you guys -- and I'm
5 just going to drop this in here -- and I know I'm kind of
6 running off on this, James. I didn't mean to steal some of your
7 thunder on this. I just want people to understand and see what
8 this looks like from a larger scale.

9 And this was back pulling (inaudible) into
10 Pembroke. This is all the cars parked around the side of the
11 snowbanks. The amount of support (inaudible).

12 I'm just going to turn it down a little bit as we
13 watch it.

14 The amount of support that we were given by the
15 people, people think, oh, no, everybody's against you.

16 They're not against you. People are just looking
17 for guidance. They're looking for help. They're looking for
18 somebody to stand up behind them and show them, hey, you know,
19 what? We got your back.

20 And I'm telling you guys, this is how we get
21 things done. We're going to have to show the rest of the
22 country at one point, this lineup of trucks, it went 12
23 kilometres, bumper to bumper, ladies and gentlemen. It was
24 absolutely phenomenal. And the amount of support, people were
25 waiting on the side of the highways to cheer us on. And when we
26 got to Ottawa, we find out that Justin Trudeau and his Liberal
27 government hired 2,000 anti-protestors to meet us at the gates.
28 And we ended up, at the end, I ended up personally jumping the

1 line of 148 police officers and crossing the line and shaking
2 hands with these people and saying, "Lookit, we support what
3 you're doing. This isn't something about one thing and one
4 thing only."

5 And these truck drivers here, ladies and
6 gentlemen, my hat's off to these guys, to Joe, to Chris, to
7 Brigitte, to Dale, to all you other truck drivers out there.
8 We've got your backs. We are going to bring a nation behind us
9 to help you guys help us.

10 **MR. CHRISTOPHER J CB:** Pat, if I can jump in for
11 a second?

12 **MR. PATRICK KING:** Yeah.

13 **MR. CHRISTOPHER J CB:** All my TikTok videos, I'm
14 almost overwhelmed with how much positive reactions. When I
15 look through the threads and the comments and all that, and I
16 try to get to everybody that sends me a message -- it's a little
17 tricky -- there's so much positivity, there's so many people out
18 there that are saying, "We need somebody to lead this. We need
19 somebody to stand up for us. We need somebody to do this. We
20 need -- it needs to be done."

21 And it drives a guy even more when you see that
22 kind of positivity.

23 **MR. PATRICK KING:** Well, I say it this much,
24 guys. I wouldn't be where I'm at with the platform that I have
25 had we never done this convoy. This is because of what we did
26 that I have the position that I'm at now, and now I'm paying it
27 forward, and now I want to make sure that everybody has that
28 opportunity, like you said, that you guys need that support

1 without -- without our truck driving industry. If you guys were
2 to pull the pin and set the maxis right now, within 48 hours, we
3 would be brother on brother for a loaf of bread.

4 But people don't -- they just don't clue into
5 that.

6 **MR. CHRISTOPHER J CB:** No.

7 **MR. PATRICK KING:** They take you guys for
8 granted. So now it's time to show their support for you guys.
9 And like I said, we'll get into details. James has route
10 (inaudible) that are going around.

11 We're going to do two routes, correct, Brigitte?
12 We're going to do a southern route?

13 **MR. JAMES BAUDER:** Three.

14 **MR. PATRICK KING:** Three routes.

15 **MR. JAMES BAUDER:** Yeah.

16 **MS. BRIGITTE BELTON:** Okay.

17 **MR. PATRICK KING:** Oh, there's three routes now?

18 **MR. JAMES BAUDER:** Yeah.

19 **MS. BRIGITTE BELTON:** Where's the third route,
20 because I was hoping for Fort Erie.

21 **MR. JAMES BAUDER:** Nova Scotia, PEI, the
22 Easterners, and Quebec and Montreal. You can't leave out
23 Quebec. They're coming.

24 **MS. BRIGITTE BELTON:** That's awesome.

25 **MR. JAMES BAUDER:** That would be the east to west
26 route. Then we've got Pat and myself that are going to be
27 involved for the west to east route. And then, Brigitte, you
28 are going to be the south to Ottawa route with help from Steven

1 and James and the group that's down south there. So yeah, we're
2 going to have a pretty -- all points covered.

3 **MS. BRIGITTE BELTON:** Perfect.

4 **MR. JAMES BAUDER:** It's going to take us ---

5 **MR. PATRICK KING:** Fair enough.

6 **MR. JAMES BAUDER:** --- a couple of days though to
7 go through from, you know, for all those that are tuning in and
8 watching, it's going to take us as an organizational group to
9 sit down offline kind of thing and go through the start, stop,
10 start, stop. We've got Vancouver to Nova Scotia, okay? So all
11 of these interconnecting communities, we need to route map all
12 of that that's also trucker friendly so that your electronic
13 logs all match up and so on and so forth.

14 And when we're in agreement on that as a group,
15 then we will post all of this on Canada Unity's platform there
16 so that you can go there and you'll have one point of reference,
17 all the route information's there. From there, we'll also have
18 the start, stop, and timing, and so on and so forth.

19 Where we're going to be shutting down for the
20 night is going to be key, right, because then that's also -- we
21 got to figure out do we need hotels? What are we all looking at
22 logistically from that, and then when do we start the next
23 morning? Fuel, there's a lot of things that come from this, and
24 every time we stop for the night, usually the local community,
25 if we -- you all remember, Pat, it was so amazing, the support
26 that comes from the local communities everywhere we're stopping,
27 for fuel stops, and so on and so forth.

28 We know that the faster we can get that

1 information publicly released and online in a central place, the
2 rest of Canada can then start organizing and start connecting
3 the dots on their own local level, right?

4 So that's going to take at least two, three days
5 to really fine tune that and get it up and posted online, okay?

6 **MR. PATRICK KING:** Well, I got Martin Broadmann
7 just put his thing in here.

8 "Anyone from the East, let's do this in
9 unity. Let's make a stand for the
10 good. East convoy, contact
11 martin@canada-unity.com."

12 He's got that end of the logistics things.

13 Now, ladies and gentlemen, you got to remember,
14 it takes us a few days to get there, so the date that we're
15 rolling, confirmed, is the 24th or 23rd I mean.

16 **MR. JAMES BAUDER:** The 23rd from Vancouver.
17 They're going to be the first ones, really, to start it, is
18 Vancouver because they're the farthest away.

19 **MR. PATRICK KING:** Right. To be in Calgary for
20 the 24th?

21 **MR. JAMES BAUDER:** Correct.

22 **MR. PATRICK KING:** And then the 24th, we'll roll
23 from Calgary on the 24th of January, and then it'll be a day --
24 and I believe we're going to stick to the same route, James?

25 **MR. JAMES BAUDER:** Yes, we are.

26 **MR. CHRISTOPHER J CB:** Highway ---

27 **MR. PATRICK KING:** Okay. So -- say again, Chris?

28 **MR. CHRISTOPHER J CB:** Highway Number 1 all the

1 way across then?

2 **MR. PATRICK KING:** Highway Number 1 all the way
3 across. And the way it worked out -- and this is just
4 tentative, guys -- so like he said, the 23rd we start out on --
5 in Vancouver to Calgary. From Calgary, we'll start on the 24th.
6 And I believe when we did it the last time, if we stick to the
7 same route, we stopped in Regina on the night of the 24th.

8 **MR. JAMES BAUDER:** Yeah.

9 **MR. PATRICK KING:** That was our first stop. Then
10 from Regina, we got to Kenora. That was our second stop.
11 That's where we'll meet up with Joe, outside of Winnipeg. Joe
12 and them will be doing their perimeters, Perimeter Highway.

13 **MR. JAMES BAUDER:** I thought we stopped in
14 Winnipeg.

15 **MR. PATRICK KING:** What's that?

16 **MR. JAMES BAUDER:** We stopped in Winnipeg for the
17 night though.

18 **MR. PATRICK KING:** Yeah. No, we didn't stop in
19 Winnipeg. We stopped in Kenora.

20 **MR. JAMES BAUDER:** Oh, right, right, right.

21 **MR. PATRICK KING:** There's that -- it starts with
22 an H, that big truck stop outside of Winnipeg, on the west side
23 of Winnipeg, (inaudible).

24 **MR. JAMES BAUDER:** Right. Yeah.

25 **MR. CHRISTOPHER J CB:** Oh, yeah.

26 **MR. PATRICK KING:** There's that big Flying J.
27 That's where Trucker Momma (phonetic) -- somebody put gas in
28 their diesel. We had to drop the tank. We had to drop the tank

1 right in the parking lot. So yeah. We ran into some hiccups,
2 but that's where your fuel stop will be, and then we travel --
3 we'll be able to link right with Joe and then as they're coming
4 around the highway on Perimeter and we come in, I think, the
5 Perimeter Highway, they both match at that one point.

6 Am I wrong, Joe?

7 **MR. JOE JANZEN:** Yeah, Perimeter and -- yeah, at
8 Headingley, yeah.

9 **MR. PATRICK KING:** Headingley, that's what it is,
10 yeah.

11 So we'll link up. We'll be able to link right up
12 with them and then we can -- while they're doing their thing, we
13 should be -- you know, if everything goes right and everybody
14 comes in from, you know, the Saskatchewan border and everybody
15 comes in from there, we'll have quite the frigging entourage at
16 that point, and then it'll be Kenora, Thunder Bay, Sault Ste
17 Marie, and then the last stop after Sault Ste Marie was
18 Arnprior, because it's only an eight-hour trek from Arnprior --
19 or from Sault Ste Marie to Ottawa, and Arnprior's only 10
20 minutes outside.

21 All the while, Brigitte and her crew will be
22 raising a stink on the 401, and believe it or not, that's the
23 one I want to go on too. I want to be with Brigitte and her
24 crew on that 401 Highway going two wide. I really do. I
25 really, really do.

26 **MR. CHRISTOPHER J CB:** I wish -- I seen some
27 videos today. I've got them parking four wide on the 401. Was
28 that a protest today or was that an accident? Did you see

1 anything?

2 **MR. PATRICK KING:** I saw a video of it. They
3 were trying to say that it was -- you know, I thought it was
4 something to do with that, but they said it was a protest, but I
5 think it was an accident.

6 **MR. CHRISTOPHER J CB:** Shoot. I was hoping for -
7 --

8 **MR. PATRICK KING:** And now we've got comments,
9 eh?

10 "When not many people show up in Ottawa, how are
11 you going to feel, Pat?"

12 I believe at this point in our play game here,
13 you're going to have a lot of people. The last time we did
14 this, yeah, not many people showed up, but not many people heard
15 what was going on.

16 **MR. CHRISTOPHER J CB:** Right.

17 **MR. PATRICK KING:** You know, they censored us,
18 they shut us down as we were travelling across. Look at
19 tonight. We've got almost 3,000 people in this live feed right
20 now watching this. We are the hugs over masks. We have hugs
21 over masks, we got all the freedom groups that I've been working
22 for the last three years. I'm trying to bring everybody
23 together. You think there's not going to be many people there?
24 You're sadly mistaken, my friend. You're going to see ---

25 **MR. CHRISTOPHER J CB:** You know ---

26 **MR. JAMES BAUDER:** We're going to give Ottawa the
27 biggest bear hug they've ever seen, ever.

28 **MR. CHRISTOPHER J CB:** You know, all these people

1 out there, these naysayers that think it can't be done and why
2 would we even try because it's so hard, sit at home, sit in your
3 basement, do whatever you got to do, but let us do our thing
4 now, because it's our time.

5 **MR. PATRICK KING:** Yes, sir.

6 **MR. CHRISTOPHER J CB:** We can fire it up
7 (inaudible).

8 **MR. PATRICK KING:** Right? And that just gives us
9 more drive to work to do what we got to do here.

10 **MR. CHRISTOPHER J CB:** I'm on it. I think my
11 crew in Swift Current on Sunday at noon, we're going to start.
12 We'll organize -- I would like to drive west on Highway Number 1
13 towards Medicine Hat to meet the Calgary crew and the BC crew.
14 We'll hook up with them wherever it takes. We'll turn around in
15 the middle of the highway and we'll join them.

16 **MR. PATRICK KING:** I love it. I frigging love
17 it.

18 **MR. CHRISTOPHER J CB:** I want to roll through my
19 hometown of Swift Current, Saskatchewan, strong. Everybody
20 around that community knows my truck. They know what it looks
21 like. She'll be cleaned up and shiny, ready to fly.

22 **MR. PATRICK KING:** That's awesome. That is
23 awesome. I love it. You got train horns? We're going to have
24 to get the train horns.

25 **MR. CHRISTOPHER J CB:** We're going to have to put
26 some on there. Maybe we'll go to the truck stop and buy a set
27 here.

28 (Multiple speakers)

1 **MR. PATRICK KING:** Yeah, we've got them.

2 That's not a train horn, That's a little squeaky
3 horn.

4 Well, yeah. So all -- everybody's going to ask
5 how we're going to roll this out, what are we going to do for
6 food and lodging. You know, what? We're going to work these
7 details out. We're going to work these details out as we go.
8 In the next week or so, they're going to get hashed out. We've
9 got people reaching out to us already that are willing to help
10 in any way possible.

11 When we did this last time, everybody else was
12 like, "Oh, how are we going to do this? How are you going to do
13 this?"

14 Do you know what? Just let it happen. You're
15 going to see the most amazing outpouring of support for all of
16 these truck drivers. You're going to see people coming out and
17 giving you the biggest hugs. People were making us lunches and
18 passing them on the fly, okay? People were giving their houses.
19 People were letting people sleep in their houses at nights.

20 You've got to understand, when we do this kind of
21 stuff, folks, you get to see the soul of Canada. You get to see
22 what the backbone of this country was built on, and that is the
23 old-school help out your fellow man, help out your neighbour
24 because we're not alone in this. And I know everybody in here -
25 - you know, it seems like a really hard feat to accomplish but
26 when we got it done, we got it done.

27 And you watch, like James said, the OPP have no
28 choice but to help us. You know, the Ottawa Police Services,

1 they know me by name; I've been there enough frigging times.
2 They come up and go, "Pat, you're going to behave yourself
3 today?"

4 "When am I not behaving myself? I always behave
5 myself," you know. They know who I am. They know who we are.
6 They're not going to give us a hard time.

7 What I want people to understand, though, is,
8 we're not just going there for mandates for just the truckers.
9 Yes, the truckers are a key point to this. The mandates are for
10 every single person out there to be lifted and shoved up
11 Trudeau's ass so frigging far that he smells what it's like to
12 be not welcomed in a restaurant. I want him to be bleeding out
13 his eyeballs with mandates. And I mean that in the nicest way,
14 CSIS. I'm not being aggressive, because they're watching and
15 there are no -- I mean that in the nicest Canadian way.

16 **MR. CHRISTOPHER J CB:** You wish him harm but you
17 don't wish him harm. It's -- I know. I think of the thought
18 every day.

19 **MR. PATRICK KING:** Yeah. But I just want people
20 to understand, we've done this before. We've taken on this
21 arduous task in the past and it was the most amazing thing in
22 Canadian history. And we have people saying the horns -- that
23 when we were coming across, you know, the horns sounded like the
24 horns from heaven; it was Biblical.

25 Well, now -- and I'm saying this in all kindness
26 and I -- and it's going to come off a little rough, but you all
27 were fucking asleep five years ago. Nobody knew that Canada was
28 on a downward spiral. And then all of a sudden, we did this

1 trucking convoy and we went across the country and all of sudden
2 the whole country woke up to say, "Hey, I think there's
3 something wrong here." You know what? Now that you're all
4 awake, now is your moment to get on board, get behind these
5 drivers, get behind everybody, and show up.

6 If you say, "I don't what to do, Pat. I don't
7 know how I can -- how I can put forth the best effort I can,"
8 this is your moment. Your moment is to get behind these truck
9 drivers and drive. If you need fuel, I'm sure we'll have fuel
10 for you. We'll pull in behind you and top you off. We help
11 each other out, guys. There's no more sitting on the couch.

12 If you can't make it to this, then we're fucked.
13 And pardon the language; I know it's colourful. But if you
14 can't participate in this, like Chris said, go back in Mommy's
15 basement, go back sit on the couch and just wait for them to
16 come and pick you up and bring you to wherever you need to go.
17 This is imperative, that everybody partakes in this all across
18 the country. You need to partake in this.

19 Oh, look, there we go, we got Jake in here. I
20 just seen him. Hold Fast, "It will be published in the coming
21 days on Canada Unity." Oh, I thought that was Jake Fast, sorry,
22 from Fast Trucking out of Saskatchewan. He was a great
23 participant.

24 **MR. CHRISTOPHER J CB:** Yeah, they're out of Swift
25 Current.

26 **MS. BRIGITTE BELTON:** And just, you know ---

27 **MR. PATRICK KING:** Yeah.

28 **MS. BRIGITTE BELTON:** --- if people don't believe

1 that you guys are helpful, you know, three of you knew I was
2 sitting here -- and stopped -- looking for a load and three of
3 you offered to help find me a load. So that's no joke. We're
4 here and I'm finally finding the brother and sisterhood that
5 I've looking for for the last 7 years. It's right here in this
6 room. And we're not going to be bullied or pushed away; we're
7 going to work together. So it's right here. If you want that
8 brother and sisterhood, it's right here.

9 **MR. CHRISTOPHER J CB:** Brigitte, if you didn't
10 have walls on that trailer, I would have had you a load three
11 days ago. Like, come on, already.

12 **MS. BRIGITTE BELTON:** Well, like, Chris, I told
13 you to hire me already and just teach me what you know so what's
14 your problem, eating Turtles?

15 **MR. CHRISTOPHER J CB:** Look at this.

16 **MR. JAMES BAUDER:** What's this Turtle thing?

17 **MR. CHRISTOPHER J CB:** Part of why I'm hoping my
18 other truck pulls up beside me here. Like, come on, this is
19 good.

20 **MR. PATRICK KING:** There you go.

21 **MS. BRIGITTE BELTON:** Well, like, hey, you know,
22 like, you're slacking on the training, buddy.

23 **MR. CHRISTOPHER J CB:** We can do better. That I
24 know.

25 **MR. PATRICK KING:** I love it. And I can't wait
26 to get on the radios and talk with all you guys again and to get
27 that chatter again. My call sign's "Chatterbox". I'll just let
28 you know everybody knows me as "Chatterbox" because I was always

1 on the radios.

2 **MS. BRIGITTE BELTON:** I'm "Get-it" because
3 apparently I get myself into stuff, like this.

4 **MR. PATRICK KING:** Well, you know what, I just
5 want to say right now -- and to Joe -- Joe, Dale, Chris,
6 Brigitte, to all guys, I'm proud of you guys. I really want you
7 to know that. And I know the rest of the people in this room
8 are proud -- just proud with you guys. It takes a lot to do
9 this. You guys are putting a lot on the line here -- I get it -
10 - but you know the severity of it and you know the importance of
11 it. So hats off to you guys. Thank you so much for getting
12 that out there and getting it rolling, and understand that, you
13 know what, from everything -- this is going to just build the
14 friendship across Canada again that needs to be done. And
15 thanks guys.

16 Dale, Brigitte, Joe, Chris, thank you so much.

17 **MR. CHRISTOPHER J CB:** Thanks for the props. I
18 appreciate it.

19 **MR. PATRICK KING:** You lit that spark here again
20 that we needed. And I know this can be done, you guys. But
21 it's not just roll into Ottawa and park in the trucks for a
22 couple of days.

23 James, give them an idea of what's going to
24 partake in Ottawa when we're there, just an idea. Don't let the
25 cat out of the bag just yet but give them a little bit of an
26 idea.

27 **MR. JAMES BAUDER:** Okay, well, you know, let's
28 see here, what is a "Bear Hug detail"? Well, a) we're going to

1 have some fun doing a bunch of convoys all over Ottawa, okay.
2 We won't mention where but we're going to have some fun
3 definitely doing a whole different pile of convoy activities.
4 We may potentially convoy over to Justin Trudeau's house ---

5 **MR. CHRISTOPHER J CB:** Good.

6 **MR. JAMES BAUDER:** --- you know, little things
7 like that. We may get stuck on a couple of bridges, things like
8 that. We may go over to CBC or CTV and, you know, potentially
9 have a little chitchat with them. Probably, we're going to go
10 maskless shopping and maskless dining because we like to do that
11 with the police just like we did in December; and we've got
12 video evidence of this, by the way, folks, like, for a whole
13 solid week. The Ottawa Police Service needs to get some credit
14 for doing the beautiful lawful thing in supporting the MOU
15 that's on -- Pat, can I show that on here ---

16 **MR. PATRICK KING:** Yeah, absolutely.

17 **MR. JAMES BAUDER:** --- so people understand. You
18 get a gist of the laws. And if those that aren't aware for the
19 first time that these mandates are not lawful -- can I bring
20 that up and share this with -- I don't know how to share the
21 screen but ---

22 **MR. PATRICK KING:** At the bottom, you've got the
23 "share" option.

24 **MR. JAMES BAUDER:** Okay, "share screen" with --
25 okay, "share screen". Let's see if I can do this.

26 **MR. PATRICK KING:** So Simone Watson is asking,
27 anybody able to connect Vancouver Island truckers with her for a
28 Victoria Truckers gathering on the 28th? So in support, they're

1 going to get a group of truckers on the Island to go in in
2 support of us getting to Ottawa and they're going to go in and
3 encapsulate their little Parliament Building in Victoria. So --
4 -

5 **MS. BRIGITTE BELTON:** Awesome.

6 **MR. PATRICK KING:** --- Simone, we'll get to you.

7 Did it work, James? I don't see nothing yet,
8 buddy. Oh, he froze. I think James is frozen here.

9 But we're not going to leave, ladies and
10 gentlemen. We have -- we have demands this time and it's time
11 the Senate looks at this. Remember -- oh, we lost James all
12 together.

13 So look at it this way, guys. We've got a
14 government that is looking to strip Canadians of their
15 Constitutional rights to exist in this country. They're about
16 to frigging steal our Constitutional right and what we need to
17 do is tell them, "No, no, no, we're the ones that hired you.
18 We're also the ones that can fire you. And if you're not going
19 to address our demands, then we're not leaving until you're
20 fired because it is our duty to make sure that you do your job
21 correctly. Your incompetence is shining through. You don't
22 have that" -- these government officials have been getting away
23 for too long dictating what we can and can't do in this country
24 and this is one that is absolutely, you know -- okay, hang on,
25 James; I'll pull it up. I've got the link here now.

26 **MR. JAMES BAUDER:** If you can pull that up -- I
27 tried to do a screenshare, Pat, but I -- like I said, I'm not
28 the techie guy on that stuff. But ---

1 **MR. PATRICK KING:** Yeah, I got it.

2 **MR. JAMES BAUDER:** --- Canada-unity.com/mou, and
3 that has gotten over 50,000 signatures ---

4 **MR. PATRICK KING:** I've got it.

5 **MR. JAMES BAUDER:** --- and it has been delivered
6 to the Senate already and to the Governor General, and it is
7 very much in line with the lawful mandates that all the truck
8 drivers are looking at having released, okay, as well as all
9 Canadians when it comes to the laws that have been violated with
10 respect to all these mandates.

11 So please take a look at this document if you --
12 many people probably -- some know about it already but there's a
13 lot of folks out there, still, that have no idea that this
14 exists. And the power behind this document when we stand up
15 together in Ottawa at the Senate, which -- you know, you wanted
16 some activities that we're going to be doing, we're definitely
17 going to be doing the #signorresign. Sign the MOU, Canada, yes,
18 so that we can put pressure on the Senate to end these mandates.

19 The Senate right now it the fastest track,
20 Canada-wide -- just to give you an idea, if I was to raise a
21 question -- how many people can afford to go and hire a Rocco
22 Galati and put a lawsuit on, and are you going to be successful
23 in getting into court, and so on and so forth? And courts are
24 clogged, packed, jammed solid. So yeah, there's a lawful, legal
25 approach of suing and all these other things but, to be honest,
26 we're going to be bankrupt before we ever get inside a
27 courtroom.

28 So the quick, fast track is to go to the Senate.

1 The Senate's job is to make laws, amend laws, and enforce laws.
2 And inside this document has one of the pivotal things that
3 really nails the law in full spectrum. It's called the *Helsinki*
4 *Act*. Inside the *Helsinki Act*, that's the law that comes from
5 the *Nuremburg Code*. And many people have heard of the *Nuremburg*
6 *Code* but they haven't heard of the *Helsinki Act* which is the law
7 that Canada signed onto as an enforcer. They failed to mention
8 that to us Canadians, you know, but we signed on as a country to
9 enforce discrimination and segregation.

10 The Senate, right now, could end all of this very
11 quickly by signing on in agreement with the people of Canada,
12 which is you, me, and all of us together, collectively, saying,
13 "Hey, we know that you're violating the laws. It's right here
14 in black and white. And we want you to do your job, Senate, and
15 end this mandate stuff that has -- it doesn't back itself up
16 legally."

17 So we keep pushing the envelope. We keep
18 applying pressure to the Senate and to the Governor General, and
19 the more people that are involved behind the movement, the
20 quicker we get our lawful freedom of choice restored in our
21 country and start getting back to some sort of sense of
22 normality. And the only way we're going to do that is coming
23 together in unity, which is something -- you know, like, there's
24 -- I have such respect for those that are just coming forward
25 and showing courage and showing strength for the first time and
26 saying, "You know what? This doesn't make sense but, you know,
27 these laws are here, and I'm a Canadian, and I've got my lawful
28 right."

1 So yeah, this MOU addresses all of that on your
2 behalf, okay?

3 So also, that same website is where we'll be
4 posting all the convoy is where we'll be posting all the convoy
5 stuff and everything else with respect to Bear Hug Ottawa, okay.

6 **MR. PATRICK KING:** "Bear Hug" -- when we say
7 "Bear Hugging Ottawa" ---

8 **MR. JAMES BAUDER:** It's a loving thing.

9 **MR. PATRICK KING:** --- it's in love. It's in
10 love.

11 **MR. JAMES BAUDER:** We're going to give them lots
12 of love.

13 **MR. PATRICK KING:** If we can't ---

14 **MS. BRIGITTE BELTON:** (Inaudible) Chris is giving
15 them any love.

16 **MR. CHRISTOPHER J CB:** We love JT. I'm going to
17 display the "Fuck Justin Trudeau" on the back of my truck with
18 proudness, like I said.

19 **MR. PATRICK KING:** It's -- I look at it this way
20 ---

21 **MS. BRIGITTE BELTON:** Oh, could we use
22 politicians as little things behind, like, cars, you know, tie
23 them to our bumpers?

24 **MR. CHRISTOPHER J CB:** No violence. No violence.

25 **MR. JAMES BAUDER:** Exactly.

26 **MR. PATRICK KING:** If we can't go to work -- if
27 we can't go to work, well, then the politicians shouldn't be
28 able to go to work either.

1 **MS. BRIGITTE BELTON:** But they're not. They're
2 going by video because Justin Trudeau's a snowflake and he's
3 afraid to get COVID, don't you know.

4 **MR. PATRICK KING:** Well, maybe they can't -- if
5 we can't go eat in a restaurant, maybe nobody else can go eat in
6 a restaurant.

7 **MR. CHRISTOPHER J CB:** You know, the thing that
8 happened in Kazakhstan was pretty good, hey?

9 **MR. PATRICK KING:** Yeah. Have you seen some of
10 those videos from Kazakhstan that aren't getting released on the
11 internet?

12 **MR. CHRISTOPHER J CB:** Yeah, they're kind of
13 interesting, aren't they?

14 **MR. PATRICK KING:** Wow. Wow.

15 **MR. JAMES BAUDER:** What about Australia? Like,
16 there's so many videos that are, you know, out there that show
17 the crimes that are happening. It's disgusting. And the world
18 is watching what we do on this convoy and what we do in Ottawa,
19 our capital, and that's the snake. That's the -- you cut the
20 snake's head off, this all fall apart. Their narrative is
21 already cracking.

22 **MS. BRIGITTE BELTON:** I think they're
23 underestimating us. As Canadians, we're peaceful, loving
24 people. Or we were until two years ago. And now we -- now
25 we're standing up. And I think they went for what they thought
26 was the easiest -- the easiest target and they started out east
27 thinking they could get them first because, well, they did vote
28 red. So I'm thinking that's where it's happening because that's

1 where it's happening in the U.S. as well; they've started in the
2 east and I think they're going to roll it across the country.
3 It's crazy what they're doing. And it's against the law.
4 That's not what Canada is. That's not what my grandparents came
5 for. I'm first-born Canadian from Germany. This is crazy.

6 **MR. CHRISTOPHER J CB:** The story about
7 Saskatchewan, did you guys know that in Southern Saskatchewan
8 right now, the school district there has hired a mask marshal to
9 patrol hallways. And when she finds a kid that doesn't have the
10 mask displayed properly, they're kicked out of school and sent
11 home. So in a little town in Southern Saskatchewan -- I don't
12 want to name any names or the school division or anything like
13 that -- this little kid, this little girl, walked home in bare -
14 - in socked feet because she was scared shitless of the masked
15 person. And we're in winter. This is ridiculous. My mother
16 said, "If that was my kid and that was my school, I would have
17 went and kicked some serious ass."

18 **MR. PATRICK KING:** That's funny that you said
19 that because I was just told today about the schools in
20 Saskatchewan, and the schools in Saskatchewan are actually
21 bringing unvaccinated students into the principal's office and
22 the principal is putting the fear of God into these kids, and
23 threatening them, and bullying them. And it's the adults, it's
24 the teachers. Ladies and gentlemen, it's getting so frigging
25 bad out there, you need to start talking -- you're right, Chris.
26 Chris, 100 percent right, you need to start talking to your
27 kids.

28 **MR. CHRISTOPHER J CB:** I watched my daughter.

1 She worked at Burger King in Swift Current, Saskatchewan at the
2 till, and she was the register girl. And because she didn't
3 have both of the COVID vaccines, she was sent home. She
4 couldn't work. So you've got a 16-year-old girl that's in high
5 school that isn't allowed to work anymore. What are you telling
6 her with that? "You either follow the government guidelines or
7 you go home."

8 **MR. PATRICK KING:** Right. And then ---

9 **MS. BRIGITTE BELTON:** But these are the people --
10 you, me, everyone that's right here, we worked the last two
11 years. They took our tax money willingly and they gave it to
12 people so they could sit home because they were afraid of air
13 outside; and they hoarded toilet paper, which we brought; they
14 hoarded Ibuprofen; they hoarded whatever they could get their
15 hands on.

16 We ran our butts off to resupply and now they
17 want our money; they want us to live in a cardboard box. We say
18 no. No, sir, that's not happening, neither are those doctors,
19 those nurses, or the EMS. No, sir.

20 **MR. CHRISTOPHER J CB:** We were considered
21 essential until this bullshit started, when Trudeau figured he
22 had enough people in place to replace us, is what it did.

23 **MS. BRIGITTE BELTON:** Well, Chris, you drive,
24 like, flatbeds, so -- I was driving reefer at the time. I was
25 kind of essential. You're kind of really not.

26 **MR. CHRISTOPHER J CB:** That was uncalled for.
27 You're not getting any Turtles now.

28 **MR. JAMES BAUDER:** Oh, there goes the Turtles

1 now.

2 **MS. BRIGITTE BELTON:** Ah, come on, but I still
3 have a gift -- I still have a surprise for you.

4 **MR. PATRICK KING:** Okay, so we're coming up on
5 the last five minutes. What I'd like to do at this point -- we
6 only run for an hour, usually -- confirm 24 -- 23rd, leaving
7 Vancouver. The 23rd of January, folks, leaving Vancouver to meet
8 in Calgary on the 24th, weather depending, then following through
9 to -- we plan to be in Ottawa on January 28th, correct?

10 **MR. JAMES BAUDER:** Hang on.

11 **MS. BRIGITTE BELTON:** Yeah.

12 **MR. JAMES BAUDER:** Hang on. Hang on.

13 **MS. BRIGITTE BELTON:** That was the Friday you
14 need to be there, yes, the 28th.

15 **MR. PATRICK KING:** Yeah, and then we ---

16 **MR. JAMES BAUDER:** Yeah.

17 **MR. PATRICK KING:** We've planned to be -- yeah,
18 we'll just let you do the ---

19 **MR. JAMES BAUDER:** It's tight. I tell you, it's
20 a tight run. It's a tight run for -- we'll make it happen,
21 though.

22 **MR. PATRICK KING:** If we can't get to Ottawa in
23 five days, we're doing something wrong.

24 **MR. CHRISTOPHER J CB:** We're on electronic
25 logbooks here, Pat. What do you expect? Come on.

26 **MR. PATRICK KING:** Oh, fuck, yeah, we talked
27 about that today.

28 **MS. BRIGITTE BELTON:** Oh, come on.

1 **MR. JOE JANZEN:** Three days.

2 **MR. PATRICK KING:** Yes, that's right. Yes, I
3 remember that. You guys -- I was at -- I was just implementing
4 those into my new company when I was working for them. I was
5 just putting in the e-logbooks and getting all our drivers
6 trained up on those. That's right.

7 **MR. CHRISTOPHER J CB:** I've been on them for four
8 years now so I'm well in tuned on them.

9 **MR. PATRICK KING:** Yeah, a lot of people were
10 getting them but ---

11 **MR. JAMES BAUDER:** What happens if, because of
12 the logbook situation, we arrive in Ottawa on Saturday, the 29th,
13 would that be an end-of-the-world thing or do we push hard to
14 try to see if we can be there for Friday, because it's going to
15 be a late haul. We'll be arriving at ---

16 **MR. PATRICK KING:** No, you know what, we play by
17 the -- play it by the traffic and how it all goes, absolutely.
18 We have to follow the rules, right? We can't look like a bunch
19 of crazy truck driver on the highway. We've got to look like
20 professionals.

21 **MR. CHRISTOPHER J CB:** So just some questions
22 because ---

23 **MS. BRIGITTE BELTON:** Why can't we just wait for
24 our ELTs on the scale. I heard that song.

25 **MR. CHRISTOPHER J CB:** Keep Trucking has \$2,500
26 deposits on every one of them on my fleet so I've got to be
27 careful there.

28 **MR. PATRICK KING:** Yeah.

1 **MS. BRIGITTE BELTON:** I own mine.

2 **MR. PATRICK KING:** We'll make it to there when we
3 get there but, at the same time, you know, like, we'll do --
4 we'll do live feeds and stuff as we go so people will
5 understand, you know, when we get there. They'll be able to
6 time it out. But at this ---

7 **MR. JAMES BAUDER:** Pat.

8 **MR. PATRICK KING:** What's that?

9 **MR. JAMES BAUDER:** Sorry, jumping in here. Just
10 looking at your clock there -- also, one thing I'd like to do is
11 do another meeting or another one of these Zoomy things to talk
12 about what -- you know, you guys have mentioned the rolling stop
13 in the local communities because we know that there's going to
14 be people that can't come.

15 **MR. PATRICK KING:** That's right.

16 **MR. JAMES BAUDER:** So -- and that's what we want
17 to do, I guess, on our next meeting, is those that can't come
18 and they want to do something locally to support and drive --
19 you know, as we're convoying across Canada, then you're going to
20 be doing something locally in your community kind of thing,
21 right? So that makes common sense, too, I think. There's a lot
22 of interest in doing something like that.

23 **MR. PATRICK KING:** Well, that's what had, is
24 somebody put in there that -- I think on the day that we arrive
25 in Ottawa that there's coordinators in each province to have
26 things like -- such as Joe and yourselves, you know, doing what
27 you're doing to coordinate, you know, on their Parliament --
28 their legislative grounds in their own respective respectable

1 provinces.

2 **MR. CHRISTOPHER J CB:** Yeah.

3 **MR. PATRICK KING:** But yeah, there will be more
4 details coming out, ladies and gentlemen. We've still got to
5 hash these out. We're going to be working hard. Today was an
6 absolute mindboggling day for James and myself -- Brigitte,
7 you're as well -- on the phones. We were going crazy. We
8 understand how important this is to everybody else. But we'll
9 have everything figured out. We'll start things up in the --
10 we'll figure out how we're going to pay for all of this. We'll
11 figure out how, all the truck stops, all the fuel stops. We're
12 working on bulkers. I've got a couple of guys who are saying
13 they might donate a bulker of fuel, big companies that are going
14 donate a bulker. So I've got people that are willing to fill
15 people up at truck stations and stuff.

16 Just understand, we're going work these details
17 out, have them all, hopefully, ratified and hashed out by the
18 middle of next week, but we're not done. We're going to work
19 this through.

20 Now, from this point, I know you guys are truck
21 drivers; you're tired; you want to go get something to eat; you
22 want to go grab something; but I ask, at this stage of the game,
23 everybody give us one encouraging -- you know, some kind of
24 motivating -- motivating thought of -- to motivate people to
25 partake in something like this.

26 Chris, you want to go first?

27 **MR. CHRISTOPHER J CB:** I just think that when
28 Trudeau announces that the microchips are coming, is it going to

1 be too late, because it's coming eventually. People say it
2 won't and I -- a lot of this stuff has been way farther than we
3 could have ever imagined.

4 **MR. PATRICK KING:** He's right, guys. He's right,
5 ladies and gentlemen. Are you ready? Are you going to take
6 that chip? There's something there to think about, too, you
7 know.

8 And Joe, what have you got to say, Joe?

9 **MR. JOE JANZEN:** Well, Quebec, right, they're
10 getting fined, right -- taxed, fined, all that kind of stuff,
11 right. It's coming. It's going to be here, too, right. So
12 we've got to fight against that stuff.

13 **MR. PATRICK KING:** You're absolutely right, you
14 know. You're going to get a tax because you're not vaxxed. So
15 that's going to be the new song, "I'm not vaxxed. I've got to
16 pay a tax. Da na na-na na na-na," right?

17 Dale. Dale, what do you want to say to everybody
18 to get them off their asses?

19 **MR. DALE ENNS:** Well, you just think about your
20 children and having to grow up through this. You know, like,
21 when I was a kid, there was no way that this would have
22 happened, so.

23 **MR. PATRICK KING:** Right. He's right. When we
24 were kids, not a chance. No bloody way my grandfather would
25 have ---

26 **MR. DALE ENNS:** Well, your parents sent you to
27 the neighbours to get a cold.

28 **MR. PATRICK KING:** Yeah, exactly, exactly.

1 Brigitte, give me something, girl.

2 **MS. BRIGITTE BELTON:** Well, what are you going to
3 tell your children when they ask you what it was like to live in
4 a free country and why we don't anymore. Did you stand up or
5 did you just let this happen? What are you going to tell them?
6 You're going to tell them you stood up.

7 **MR. PATRICK KING:** She's right, guys. She's
8 absolutely right.

9 James, I know you've got something for them.
10 Let's hear it.

11 **MR. JAMES BAUDER:** Canada, I'm so -- my heart is
12 hurting and I'm tired of having it hurt. And I would love it if
13 others that are having a broken heart can find it within
14 themselves to ask why they have a broken heart right now. All
15 these families and friendships that have been broken because of
16 what our government that we, the people, are supposed to control
17 -- it's our democracy, not theirs.

18 So if you're wanting to come together to heal
19 relationships, and heal your families, and heal your jobs, and
20 your friendships, it starts with you, and it starts with me, and
21 it starts with us, all of us together coming together under the
22 spirit of unity for Canada for our future. And if not now,
23 when? When? Now is the time, okay?

24 And I thank all of these beautiful, beautiful
25 truckers that have taken the steps forward to say, "Now is the
26 time." And I stand together with all of those beautiful
27 truckers that are on this movement that are willing to go to
28 Ottawa, or willing to go to their local communities, stand

1 together in unity, and let's do this. We've got this, okay?
2 The movement is very, very strong across this country.

3 Right now, I've never had so many positive
4 affirmations to do this convoy to Ottawa than I've gotten over
5 the last 48 to 72 hours.

6 So my heart is always there for you Canada. I
7 know that you're tired of this madness as well. It doesn't make
8 sense. It won't ever make sense. It's not going to stop until
9 we stand up together and make it stop. So I'll see you in
10 Ottawa with bells on, okay? And no Turtles. I don't -- I'm not
11 -- I don't know where these Turtles came from so I'll leave them
12 for you guys. But I love you all, and I respect everyone, and
13 appreciate everyone deeply, okay?

14 **MR. PATRICK KING:** Thanks, James.

15 **MS. BRIGITTE BELTON:** Thank you.

16 **MR. PATRICK KING:** And thanks, everybody.

17 **MR. CHRISTOPHER J CB:** Thanks.

18 **MR. PATRICK KING:** I'm just going to jump in here
19 and give you my little two cents here, folks. You know, I've
20 said this and everybody hears my voice. Everybody knows what I
21 say when it comes to this stuff. But I'm going to tell you
22 something right now.

23 We have, like James said, families being
24 stripped, the family home being destroyed, businesses going
25 under, truck drivers being harassed, food shortages on the
26 shelves, children being, you know, jabbed for no reason because
27 they don't even get sick from this stuff. We're losing
28 everything that it is to be Canadian at this moment in time. We

1 have a world that is in a downward spiral in chaos and everybody
2 wants to sit back, bitch about it and complain about it, but
3 when are you going to get off your asses and actually do
4 something about it?

5 We can sit here and preach on the cameras. We
6 can sit here and preach on the screens. We can do whatever we
7 can. We can file as many documents. But who can actually stand
8 on the right side of history and say, "You know what? On
9 January 29th, I stood up for my country. On January 29th, I took
10 back what is mine, and that is, my God-given right to be a
11 Canadian fucking citizen," and tell this government to, "Shove
12 it up their ass and take their jab and shove it up their ass.
13 And, you know what, I'm going to eat in a restaurant and I'm
14 going to go shopping, and if I want to take that risk and I
15 don't want to cover my face, then you know what, my body, my
16 choice."

17 But when is it going to be enough for everybody?
18 You know what? These people in this room tonight are telling
19 you they've got it. They're ready. They're ready to go. Are
20 you going to stand back and support them or are you going to sit
21 idle and keep bitching about it? This is the time we put an end
22 to this. The end is here.

23 Do you want to take part in this? Do you want to
24 be a part of the historical movement that is going to show the
25 government that, "Hey, we, the people, decide," because that's
26 what you're about to see, folks. And you have that opportunity
27 to partake in this. And we're asking everybody who is able to
28 join to join.

1 This isn't just a frigging 18-wheeler movement;
2 this is all four-wheelers, too. You guys all have the moment in
3 time to sit for the next week and decide what you want to do.
4 And I'm asking everybody out there to get off your asses and get
5 out there because this is our last shot. If we don't do this
6 now, like Chris said, it's only a matter of time you're going to
7 have a fucking chip in your arm, if you don't already now. It
8 is only a matter of time until we are so far gone down this
9 spiral to hell that this government is going to just make you
10 obsolete.

11 Ladies and gentlemen, I'm Pat King. I tell you
12 right now, I'm ready to go. It's time to go. It's time to
13 teach these governments who's the real in control. We hired
14 them. We're going to fire them. Who wants to go give pink
15 slips to politicians? If you want to go and fire these guys,
16 join us. Get on board. Take care, everybody. We'll see you
17 soon.
